

IN THE UNITED STATES COURT OF APPEALS
FOR THE FEDERAL CIRCUIT

JUL 25 2006

JAN HORBALY
CLERK

IN RE LEO STOLLER

Respondent

2006-1534

**MOTION TO STAY THE SANCTIONS IMPOSED BY THE TRADEMARK
TRIAL AND APPEAL BOARD PENDING DECISION BY THE FEDERAL
CIRCUIT ON THIS APPEAL**

NOW COMES LEO STOLLER and hereby request that this court issue an order staying the sanctions that the Trademark Trial and Appeal Board has imposed upon Leo Stoller pending a final decision by this court on the Respondent's Appeal.

The grounds for this court to issue the stay are as follows:

The Trademark Trial and Appeal Board issued an Order on July 14, 2006 vacating any and all of Respondent's Requests for Extensions to Oppose Registrations that the Respondent has filed since November of 2005 and canceling any and all Notices of Oppositions that may have resulted therefrom. Two-year prohibition on filing extensions requests and requirement of attorney representation for any future extension requests.

Respondent asserts that the three named sanctions will irreversibly prejudice the Respondent if not stayed during the pendency of this appeal and will render the court's final decision even if in favor of the Respondent a nullity, because irreversible damage will have been done to the Respondent by the immediately imposition of the said sanctions. For example, the Respondent has filed about 24 Notices of Opposition since November of 2005. The Board by its July 14, 2006 Order will cancel these notices of Opposition. Even if the Respondent should prevail in this Appeal, the damage to the Respondent by the unlawful cancellation of two dozen notices of oppositions as per the Board's

order of July 14, 2006, will not be mitigated by a victory before this court. Consequently, the status quo must be maintained in order for this court's ruling to be fair and just to the Respondent.

WHEREFORE the Respondent prays that the Court grant Respondent's motion to stay any sanctions from being imposed upon the Respondent pending the resolution of this proceeding.
